

at the time I was on the night watch, I always found the lodge warm enough.

Ques. Did you ever see or know of any patients suffering from being put into the lodge because it was too cold.

Ans. I never have.

Ques. Were you there when Mr. Crowel was. Ans. Yes, that was when I was there the first time.

Ques. Did Harviman use to be put into the lodge frequently.

Ans. Yes; there were times that he was kept there for a week or fortnight at a time, nights.

Ques. Did you ever feel the temperature of the lodge room in the night where a patient was, when it would come anywhere near freezing point. Ans. No, or where near it.

By Dr. Butler.

Ques. Did you ever hear this term "churning" over there.

Ans. It was a common phrase, 8 years ago and up to the present day.

Ques. Did you ever see any case of ill treatment.

Ans. I have. There was a man by the name of Sweeney who worked in the fire room. I have seen Mr. Sampson the engineer there now, sweep the fire room with him and then kick him from there into the coal shed.

Ques. Did you find any reason why that was done.
