

should say uses the diarrhoea.

Q. You used to see the patient every day before this miscarriage A. Yes sir.

Q. Was there any thing in her appearance to indicate her condition A. No, I saw nothing.

Q. Did you judge how far advanced she was in pregnancy A. I should judge from the foetus it might be 4 months old, some where about that. I should say,

By Mr. Butler:

Q. You say you had given her within a day or two before rhubarb and oil A. The day before.

Q. Didnt that increase the diarrhoea itself A. It would at first, yes sir.

Q. Then afterwards check it no doubt

A. It would increase the discharge.

Q. Was not your attention called by an attendant a day or 2 before, more or less, to the fact that this lady's bowels were unnaturally swollen A. No sir, no knowledge of it. I think if it had been I should have remembered it in connection with the case.

Q. Did you or not say to this lady attendant
