

be the same

Q. We understand fully your view of employing ladies as physicians: A. I speak as physicians in the hospital. In common practice I should prefer the women to do as they saw fit, but in the hospital they have no choice in the matter. I have no prejudice to a female physician in any way or shape. I simply believe it is not advisable to put one into that insane hospital.

Q. You say you found Dr. Barlow well read in these cases? A. I thought so.

Q. Do you think that can be really so?

A. I can only give you my opinion. I have thought so from what information I had, from what I had gained of my own knowledge.

Q. Can you remember any case of his treatment of a local disease upon a patient brought in? A. I don't call to mind ~~upon~~ a patient when brought in there that required special local treatment outside of the general treatment of insanity.

I presume if it is a case that requires that treatment that they receive it. I have no
