

Q. But it was not a case that you required special treatment from day to day A. No sir.

Q. Did you regard the patient as in an incurable condition at that time A. Yes sir.

By Mr. Baker:

Q. ~~He~~ ~~had~~ no acute disease A. No sir.
It was a progressive disease.

By Dr. Butler:

Q. Do you remember now what medicine you were giving him A. I don't remember now exactly. It is recorded in the case-book

Bylaw J. Sanborn, recalled

By Mr. Baker:

Q. You have the case book on the female side A. Yes sir.

Q. How many years does that cover A. 3 or 3.

Q. Included in that is the case of premature birth spoken of A. Yes sir.

Q. Tell the Court what this case book is A. It is a record of admissions of the patients and their cases from time to time — the changes or any thing that we may see fit concerning their case.

Q. You keep a record of the treatment and
