

Clare Mchank jump up. "He and that son
he want fight."

His old man, of his old man go back, forward,
about, about for scared, boys, on fight?

(The passage which follows is very confused. It
represents some one as drunk. "Remember now. That
back. That does report on.")

Oh, you were in low arrow, the time now
remember now. "If you don't go back, I will
myself." "I'll kill all these Mchanks but
two of em." These men were and came to the
camp and killed us two women & put in baby
in the house at Rochebec. This murder at Rochebec
impressed her deeply because she was to catch
eels then next her grandmother was told her
the story. G. M. Levy has said before

1930 - Somewhere I have - copy of - letter written by Gov.
Socatesin Brazil shortly before his death in 1885
which tells the story of the fight at Spaurrook

Clare says "Kantub: churche hanging". Not is,
things of Mchank used to be hung in the church.
