

perhaps five times. Should think 5 or 6 of that 57 discharged had been there once or often; perhaps I mentioned that in my report, I don't remember. Think possibly some of them discharged may have been brought back again, I don't remember now exactly; possibly 2 or 3 or more. When an attendant ~~employs~~ makes application to me for employment Mr. Lakin the steward and treasurer employs. Several attendants have been injured, a dozen possibly. I could not approximate how many attendants I have had yearly since '51. We have had about 40 all the time and we change perhaps a third of them yearly. I don't know whether the dozen I have spoken of were injured permanently, but they were injured seriously for the time so they were laid up. There were one or two female attendants injured, I don't recollect their names now. There was a Miss. Wall injured so she had to give up the work. The attendant was taken by the hair by ~~the~~ ^{female} patient and her head
