

she come down after you A. I have an impression she came after me. Still, I am not certain. But I know we did go and take care of the patient.

Q. Did Miss. Banc tell you what the matter was when she came down

A. I think she did. My impression is that she said there was more trouble.

Q. Then when she came back the delivery was completed was it

A. Yes, sir, I think it was.

Q. When you saw her the second time

A. Yes sir.

Q. You are sure that you never gave to any body any direction about bandaging until you and Miss. Banc had been there and looked it

over A. No, sir, should not be likely to. It would not be my way.

Q. You would not do that for it

A. No, sir, it is not customary for excessive flowing to apply a bandage round the bowels.

Q. In such a case you do not recommend bandaging

A. No, sir, not usually. It may be done in some cases.
