And the Committee recommend, that the deeds be immediately executed to those persons by the Committee appointed for that purpose, so that the Proprietors who may draw those lots may be enabled to take payment or security therefor, according to agreement. — The Committee recommends that part of lot N<sup>o</sup> 10 be reserved for a ministerial & school lot, to contain about 100 acres each, to be bounded & bounded as follows. — Beginning at the S. W. corner of lot N<sup>o</sup> 86 & running south easterly, partly on that lot, and partly on lot N<sup>o</sup> 85 being 187 rods till it meets lot N<sup>o</sup> 2A then running south westerly partly on said lot & partly on lot N<sup>o</sup> 12 till it strikes lot N<sup>o</sup> 89 being 172 rods from thence running S. westerly 187 rods, thence S. easterly 172 rods to the first mentioned bound — making in the whole two hundred acres; and the Committee recommend a particular vote respecting this reservation. —

With respect to the Land between the Office — the Committee have examined several papers relating thereto, & beg leave to make a report thereon for the information and examination of the Proprietary at this meeting, but wish to have it returned, to be made more perfect, before it is entered in the Proprietors Books — and they also recommend the appointment of a Committee who shall be enjoined to proceed on the business; to enter upon the Land and as far as they may judge necessary, examine the same.
